Summary of Weather and Grop Conditions in Arizona for the Week Ending Tues-day, August 15th

Showery weather continued, although the rainfall over the state as a whole, was rather light. The cattle ranges are generally good and continue to improve, except that in the north-central part of the state more rain is needed to bring them up to first class condition.

The weather was generally favorable for agriculture. The field crops are growing well in all districts. Apples, plums, and peaches are ripening in the upland valleys. Apples are poor in quality and yield; other fruits are about the average. Haying is general in all parts of the state. parts of the state.

Appearing before the city commission at its regular meeting yesterday afternoon, Manager H. L. Aller, of the Pacific Gas & Electric company, presented a communication suggesting that instead of holding a bond election that instead of holding a bond election in the matter of a proposed municipal electric light and gas plant, that two petitions be circulated among the taxpaying electors of Phoenix, one favoring the holding of such bond election and the other praying that such bond election be not held. The communication suggested that the commission act in accordance with the provisions of the petition signed by more than 100. of the petition signed by more than 50 per cent of the taxpaying electors of the city.

As explained by Mr. Aller this meth-

As explained by Mr. Aller this meth-od would be a means of saving to the city the expenses of a bond election in the event that the petition carry-ing a majority of the names of the electors be opposed to the holding of such an election. It would determine, too, just as effectively the sentiment of the citizens of Phoenix with rela-tion to the proposed monicipal plant tion to the proposed municipal plant. The commission declined to consider the proposition, adopting a motion that the proposed election be held as sched-

art left last evening on a short business trip to Chicago.

BACK HOME—Phillip Nelson left yesterday afternoon for his old home in McAlester Oklahoma.

TO COAST—Miss Margaret E. Newcomer and Miss Eva Erhart left tast evening on a summer trip to Long Beach and other coast points.

Open Letter Rudolph Kuchler

President Arizona Tax League

Dear Sir:

As a citizen and taxpayer, I am deeply interested in any means by which taxes and state expenditures can be lessened, which will not destroy efficiency in government.

In a recent issue of the "Taxpayers Magazine," the official organ of your league, it was stated that there were too many commissioners and other help under the employ of the state.

I assume that you have made careful investigations into all branches of state government and are prepared to submit figures showing what commissions are not necessary and the amount to be saved to each taxpayer on the \$1,000.00 assessed valuation of his property.

The public is entitled to this information, if you have it, and so I will place the space occupied by this letter at your disposal for your reply on Sunday morning, August 20th, 1916, without cost to you.

Very truly,

T. T. POWERS.
